

## Crittenden County Schools

# Distinguished Alumni

The Crittenden County Distinguished Alumni honor was created in 2010 as a means to recognize accomplished men and women who earned their public education in Crittenden County schools. Selections for the Distinguished Alumni honor are determined in relation to educational and professional accomplishments and service to humanity that goes beyond the boundaries of a career. The selections are made by A panel consisting of members from the school system and community at large.

Recipients of the award must have completed their education at Crittenden County High School or one of the other secondary schools that once existed in the county at least 15 years prior to this nomination. They must also be able to attend the Distinguished Alumni Luncheon held each autumn and spend a short amount of time with select students to share with them the importance of education in their recognized endeavors. Nominations may be made posthumously. Nominations remain active for three years after submission. This form must be completed in its entirety to be considered. If you desire, you may attach additional pages, a resume or letters of support.

The selection committee maintains the authority to overrule any aforementioned criteria.

The deadline for nomination is **April 15** of the year for which the nomination is made.
